COPS
Club Of ProgrammerS

Hello GSoC!

Find your desired organization for the
GSoC/Outreachy 2020!

Practice **git** beforehand

Introduction

Google Summer of Code: Home

- Students work with an open-source organization on a 3-month programming project during their summer break.
- The selected students receive a stipend of USD 3000.

Important Dates

|	
Organizations Announced	February 21, 2020
Student Application Period	March 16 - 31, 2020
Results Announced	April 27, 2020

Flow of GSoC

Feb - Mar

Feb - Mar

Contribute → Draft

| Earn | ← IF COMPLETED | Work | ← IF SELECTED | Draft |

May - Aug

Mar - Apr

Let's talk about the orgs

- Google Summer of Code Archive - find all the past GSoC projects.
- GSoC Organization List.pdf - summary of orgs appearing in GSoC past years with tech stack.

How to solve issues???

- Search by **good-first-issue**, **easy** label on the repo issues listing.
- Search the repo codebase by pressing / on the repo github page, and then submitting your query.

Outreachy

https://www.outreachy.org/

- Outreachy provides remote internships to work on free and open source software for a duration of **three months**.
- Aimed at increasing diversity in the open source community and expressly invites **female** applicants to apply.
- Interns are paid a stipend of $5,500 USD for the three month internship. Interns have an additional $500 USD to attend conferences and events related to their internship project.
- My experience of applying for Outreachy : https://verma-varsha.github.io/outreachy/openstack/2019/05/28/outreachy-first-post/

Outreachy Timeline

- Students from India are eligible to apply only during the summer round.
